

Career Trek Wonder of Work Summer Camp Information for Families

About Career Trek:

For over 20 years, Career Trek has helped young people discover the importance of education and career development. Career-oriented programming, complete with hands-on activities, ignites participants' passion for learning. Career Trek inspires young people to recognize their own potential.

Our Mission

We aim to give young Manitobans the experiences and information they need to succeed. They develop knowledge, skills, relationships, and values that will help them find educational and career success.

Our Camp

The Wonder of Work (WOW) Summer Camp provides children in grades 5-6, the opportunity to explore up to 20 career lessons, over the course of one week, including Crime Scene Investigator, Water

Quality Technologist,
and Marketing
Specialist.

What Do We Do?

Career Trek provides participants the opportunity to explore a variety of careers using an interactive, experiential approach, in a safe, supportive environment. Each lesson provides a hands-on experience, includes personal reflection, and showcases different occupations and the education paths that lead to them. Participants learn about themselves and their goals, while exploring their likes, dislikes, and unique potential.

We hope to see your child in-person this summer. However, should public health orders prevent in-person programming, Career Trek is able to deliver engaging camp activities online based on the highly successful Career Trek model delivered in schools throughout the province this past year.

Where?

In partnership with various Manitoba school divisions, Career Trek is able to offer a full-day camp experience at participating schools.
